

HEMET IS UNDER ATTACK!

WARNING!!! ⚠

WARNING!!! ⚠

WARNING!!!

LOGISTICS WAREHOUSES COMING TO HEMET  
**AIR POLLUTION, THOUSANDS OF TRUCKS**

5 giant warehouses are in the plans for Hemet, over 6.8 million-square feet of buildings! Proposed sites and truck routes are near schools, homes, parks, and shopping centers. If approved, these industrial developments will forever change our community.

**Air Pollution:** The biggest pollution source is the exhaust of diesel trucks, which includes 2.5 micron particles that can end up deep in the lungs and enter body cells. There is no safe level of this type of pollution. Nitrous Oxide turns into ground level ozone, which is harmful to airways and lungs. Where warehouses are located near neighborhoods, schools and parks, there is a significant increase in lung disease, cancer, asthma, and a myriad of other health problems. Elderly people and those with chronic health issues are often the most affected.

**Traffic:** If allowed to be built, our streets would be unbearably congested with diesel trucks, with over **3,500 truck trips per day**. Our streets, and the roadways in and out of the valley are not designed for this heavy truck traffic. Sharing the streets with thousands of semi trailers each day is dangerous.

**Economy:** Warehouses do provide jobs, but workers start at minimum wage, with few promotional opportunities. The trend towards automation, where robots replace workers, means that even these jobs will diminish over time. The land that is locked into warehouses will not be available for other economic activities. The value of our homes will be affected: Who would want to buy a retirement home in a community congested with trucks?

WE DESERVE SAFE STREETS AND CLEAN AIR. THIS IS OUR TOWN, AND WE ARE NOT CAPITULATING TO DEVELOPERS AND MISGUIDED CITY COUNCIL MEMBERS!

WE CAN STOP THEM IF WE ACT NOW

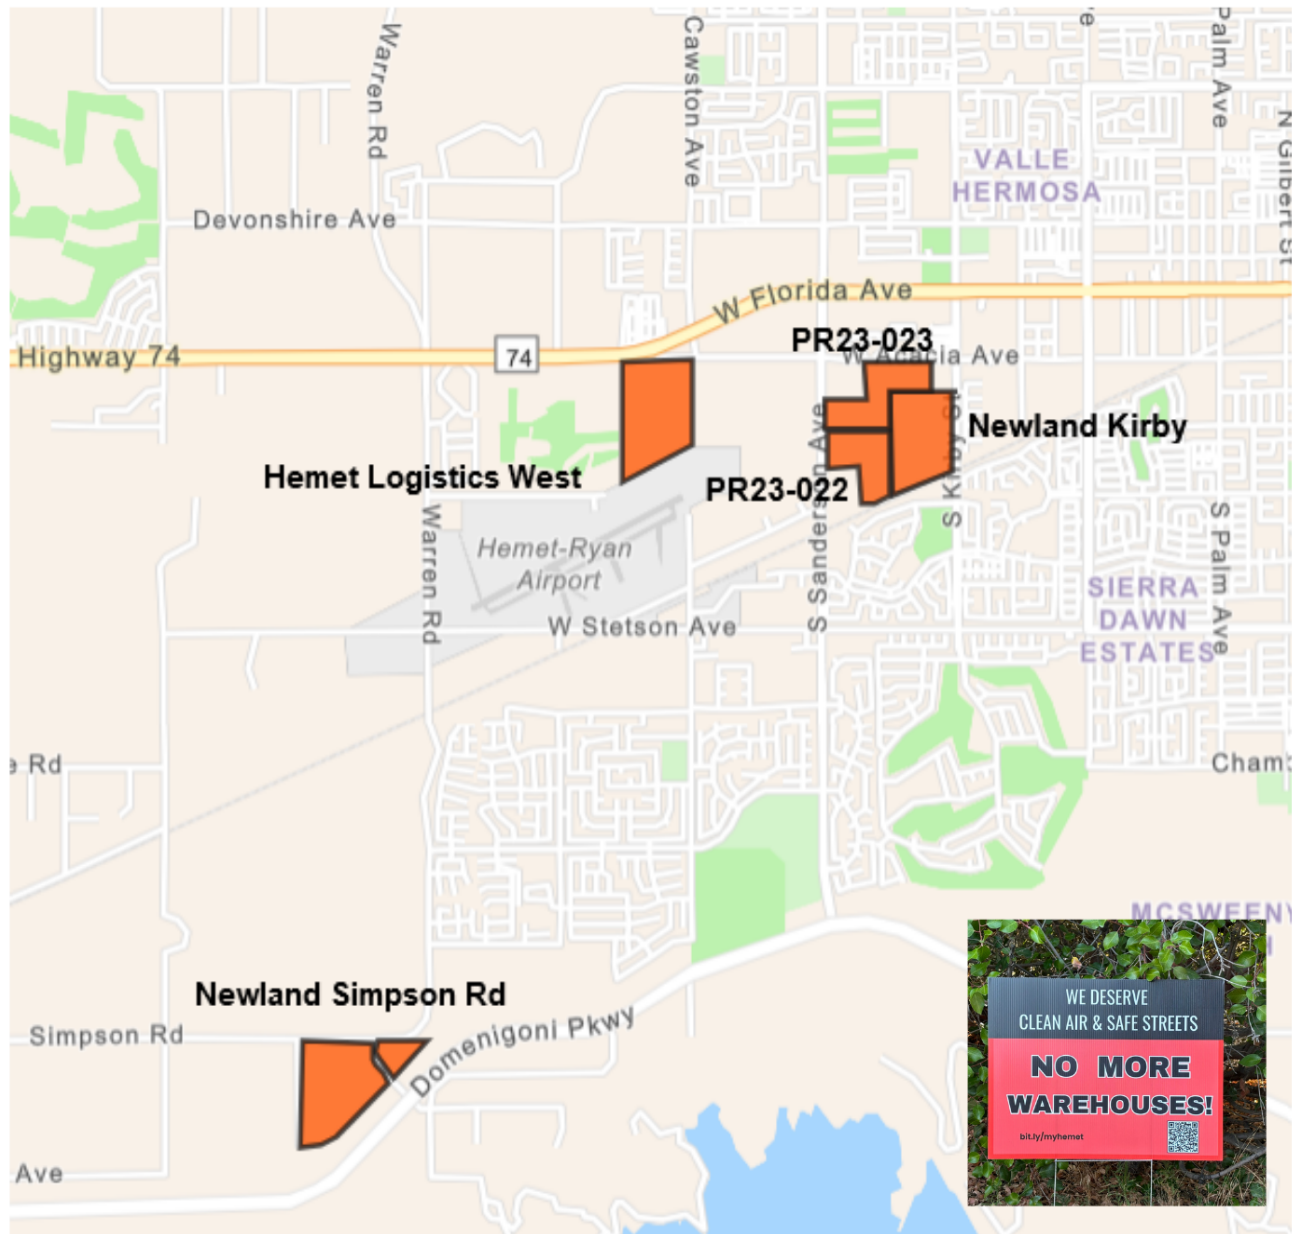

- SIGN OUR PETITION TODAY, TO DEMAND THAT THE CITY PUT A MORATORIUM ON WAREHOUSES.
- CALL/EMAIL YOUR COUNCIL MEMBER!

To open petition, type in this link into your browser [bit.ly/myhemet](https://bit.ly/myhemet) (no spaces!)

OR: SCAN THIS QR CODE WITH SMARTPHONE CAMERA AND CLICK ON THE WEB ADDRESS WHEN IT SHOWS ON THE SCREEN

## Hemet Logistics Warehouse Locations

- Newland Kirby: 860,00 square feet (sf) building. Approved, under construction.
- Newland Simpson Rd: 1.2 million sf. Awaiting final Environmental Impact Report (EIR.)
- Hemet Logistics West: 2.6 million sf. Awaiting draft EIR.
- PR23-022 and 023: 2.2 million sf. Developer submitted application to the city planning dept.

**No More Warehouses** campaign is a project of the **Green Coalition of San Jacinto Valley**. Yard signs and additional copies of this flier are available.

Sign our petition (or email a request) to be added to our email list, so you can get timely updates on opportunities to actively participate in the campaign. Volunteers needed!
